HEC Paris — Paris, France

Master in Management – Digital Innovation and Acceleration (GPA: 3.62/4) — *Sep. 2022 – Oct. 2025*

Ranked #1 Master in Management worldwide by the Financial Times

Relevant Coursework: Product Management, Business Strategy, Digital Strategy, Finance, Business Analytics, Operations, Strategic Marketing, Digital Marketing, Digital Transformation

PES Institute of Technology, Bangalore South Campus — Bangalore, India

Bachelor of Engineering – Information Science and Engineering (GPA: 8.47/10) — *Aug. 2016 – Aug. 2020*

Relevant Coursework: Programming, Algorithms and Data Structures, Database Management, Data Science, Cybersecurity, Machine Learning, Software Engineering (SDLC), Cloud Computing

PROFESSIONAL EXPERIENCE

Digital & AI Strategy Intern — Paris, France

Wabtec Corporation — *Feb. 2025 – Apr. 2025*

- Identified 20 high-impact business opportunities through structured analysis, enabling faster prioritization and supporting strategic resource allocation.
- Built executive-ready reporting frameworks translating complex data into insights, improving performance visibility and supporting leadership decision-making.
- Conducted operational and cost analysis, recommending scalable process improvements that optimized efficiency, reduced friction, and strengthened execution.
- Collaborated with cross-functional teams to define and prioritize strategic initiatives and execution roadmaps

Logistics & Supply Chain Intern — Bengaluru, India

Sunshine Concrete Blocks — *Jun. 2023 – Apr. 2024*

- Analyzed operational KPIs across order fulfillment and inventory cycles, improving visibility into performance drivers
- Reduced excess inventory by 25% using data-driven forecasting and optimization insights
- Designed and implemented a centralized reporting system, improving real-time tracking and decision-making
- Enabled cross-team coordination through structured performance dashboards and reporting

Digital Consultant & Team Leader — Paris, France

180DC HEC Paris — *Feb. 2023 – Jun. 2023*

- Led a consulting team to assess business performance and identify strategic improvement opportunities
- Built Power BI dashboards tracking financial and operational KPIs for executive stakeholders
- Delivered data-driven strategic recommendations, supporting client decision-making and execution priorities

Project Engineer, Open-Source Program Office (OSPO) — Bengaluru, India

Wipro Ltd. — *Sep. 2020 – Jun. 2022*

- Led delivery of 50+ automation solutions, improving operational efficiency across cloud deployments
- Managed Agile workflows and coordinated with stakeholders to ensure timely execution of projects
- Analyzed user requirements to align product development with business needs and performance goals

Digital Marketing Intern — Bengaluru, India

GetMyUni — *Jan. 2020 – Feb. 2020*

- Managed lead acquisition, segmentation, and nurturing workflows using Salesforce CRM across multi-channel campaigns (Push, Email, Google Ads, SMS)
- Optimized 75+ landing pages based on user behavior analysis, improving conversion rates by 15%
- Automated lead processing with Python scripts, reducing processing time by 40%

PROJECTS

- **Master's thesis:** Blockchain-backed NFTs as digital proof of authenticity – developed a solution to enhance product transparency and combat counterfeiting
- **Ongoing:** No-code Retrieval-Augmented Generation (RAG) application using AstraDB for large language models
- **Custom GPT Suite:** Built 15+ specialized AI assistants for career optimization, product strategy, decision support, and financial analysis using structured prompt engineering and expert reasoning frameworks.
- **Viz-Aid:** Developed a shopping aid mobile application (Java, COCO dataset) at PESIT Bengaluru, addressing user needs for seamless shopping experiences
- **Crime Rate Analysis:** Conducted predictive analysis of crime rates in India using K-means and K-NN algorithms

SKILLS & CERTIFICATIONS

Skills: Business Strategy, Project Management (Agile – SCRUM, DevOps), Risk & Cost Analysis, Market Research, Financial Modeling, Data Analysis, Dashboarding, KPI Tracking, Digital Transformation

IT Skills: Python, SQL, Power BI, Tableau, Dataiku, Excel (Advanced), PowerPoint, Salesforce, HubSpot

Certifications: Strategic Management and Innovation, Microsoft Excel for Business (Macquarie University), Google Project Management, Google Data Analytics
